

Official Statement: CEWD Region Meetings Cancelled

Given continued concerns about the novel coronavirus (COVID-19) and the impact it is having on communities across the nation, CEWD has made the decision to cancel all Region Meetings this year.

Recognizing the value that is offered by the Region Meetings, we did not make this decision in haste. However, it has become increasingly apparent that cancelling these meeting is the right thing to do. The health and safety of our members, attendees, speakers, staff, and our communities are our top priorities.

While we will not be able to meet in person for the next few months, CEWD is bringing some of the networking and information exchange normally offered through these meetings to you virtually. We have already launched our Community Workrooms that allow for desktop networking, we are debuting our People Powered podcast this month, and we will bring other learning deliverables to you in the coming months.

We are grateful to Portland General Electric, Entergy, Omaha Public Power District and National Grid for their willingness to host this year's meetings; it is unfortunate, for many reasons, that we won't be with them.

If you have registered for any Region Meeting, please remember to cancel any personal arrangements you've made, such as travel and housing reservations.
