

January 20, 2009

Dear Instructor:

Today's challenging economy means young people need to make the best career choice possible. Excellent careers are available in architecture, construction or engineering. Jobs in these exciting, stable, well-paying fields will be showcased at the Expo 2009, CEFGA's biggest Career Expo yet.

April 16 and 17
Georgia International Convention Center
College Park

Our new venue provides 20,000 acres of indoor and outdoor exhibition that will showcase 20 different "WORLDS", including the World of Energy and Industrial Construction, where our energy and industrial construction sponsors in Georgia will entice students to "Get Into Energy" by giving students and educators the opportunity to see demonstrations of the jobs in energy and industrial construction as well as numerous interactive activities, including a bicycle generator, bucket truck displays, electrical equipment, high-tech computers and more. Attendees will explore exciting careers, try their hand at fun tasks an opportunity to win a Wii and many other prizes.

Register today. Return the enclosed form via fax, or log onto cefga.org and click on "Register Online—Schools Only" to register immediately.

All are welcome to attend Expo2009—students (middle school and older), instructors, counselors, principals, parents, anyone! Admission is free.

What are you waiting for? Register today!

Sincerely,

Scott Shelar
Executive Director
CEFGA

P.S. Know someone who would like to attend? Send them to www.cefga.org to register today!
