

ENERGY CAREERS 2020

10.21.20 — A Virtual Career Event from the —
Center for Energy Workforce Development

If you are looking for a stable career that will both charge and change your future, or you are a student exploring options for the future, join us for EnergyCareers 2020.

EnergyCareers 2020, a free virtual career event, will bring students, veterans, career changers, women and those under-represented in today's workforce together virtually on October 21, 2020 to discover careers in energy.

Curious about what a gas technician or a nuclear engineer does? What about the men and women who restore power after storms and natural disasters? EnergyCareers 2020 will overview of all these careers and over a hundred more. Whether you want to work in the field or in an office, or you're interested in learning in school or on-the-job, energy employers are seeking thinkers and tinkerers, STEM enthusiasts, those who want to work with their hands, those interested in protecting our nation's resources and individuals who want to serve their communities.

EVENT OVERVIEW

Using a sophisticated virtual platform, EnergyCareers 2020 will showcase the vast array of careers in energy — highlighting job opportunities for today and career paths for tomorrow.

Keynote presenters include the Honorable Dan Brouillette, Secretary, U.S. Department of Energy and Mike Rowe, American television host, narrator, advocate for skilled trade jobs.

Join passionate industry leaders in a showcase of the best opportunities this career has to offer. Attendees will learn about the breadth of career pathways, benefits and networking guidance. Virtual program offerings include:
