COMMUNITY PARTNERSHIP AWARD

This award recognizes a company for developing unique connections within the local community – with educators, minority facing organizations, workforce systems, or other groups - that have yielded demonstrated results in fueling the talent pipeline. This award was created to recognize the vital role community partnerships play in the advancement of the CEWD mission to ensure our workforce represents the diverse communities we serve.

Entries will be evaluated on creativity, collaboration, and innovation in developing new outreach to attract and engage diverse candidate interests. Evidence of the impact of ongoing educational and em partnerships ployment opportunities to potential workforce candidates is essential.

CEWD may honor more than one company to ensure organizations of different sizes are appropriately recognized for their actions.
