

# ENERGY CAREERS 2022

04.28.22 — A Virtual Career Event from the Center for Energy Workforce Development

**EnergyCareers 2022** is a free and virtual career fair for those who want to work in the energy industry, those considering future career options, and even those new to the idea of supporting a clean energy future.

Energy employers have tens of thousands of current openings to fill and hundreds of thousands of skilled trade, engineering, and business positions to staff in the next several years. The work of these professionals is essential, rewarding, and always in demand. Because of the knowledge and skills that are required, energy employees are well compensated. Energy professionals are proudly leading the country's attainment of climate change goals while maintaining energy reliability, resiliency, safety, and affordability.

EnergyCareers 2022 will showcase careers in energy to those interested in learning about both immediate employment and those who want to explore options for the future. The event will offer insight into the breadth of energy sector employment opportunities, benefits, next step guidance, connections with employers, a career fair, and more.

## MARK YOUR CALENDAR:

**APRIL 28, 2022**

**11-6 Eastern Time**

**10-5 Central Time**

**9-4 Mountain Time**
